French Roman Hyacinths

Owing to the severe weather conditions in the growing districts of France, the crop of the larger sizes of White Roman Hyacinths will be very short this season. We however have secured a quantity of the 11-12 ctm. size which we offer at a very reasonable price considering the unfavorable season.

HIGH-GRADE STOCK

Manderson, S. D., April 15, 1913.
Vaughan's Seed Store. Last fall I noticed that you said you were selling very superior bulbs of Hyacinths, Tulips, etc. I thought that perhaps they would be no better than many others that I had bought for a great many years. But I bought quite a collection of different bulbs and treated them just as I have always treated other bulbs and will say that I never had such beautiful flowers nor have I ever seen nicer ones elsewhere. I can say the same thing of your seeds also. The only criticism that I have to make is, that you do not say near enough in praise of your bulbs and seeds.
Mr. E. M. Keith.

BICOLOR VICTORIA

NARCISSUS—Continued

Paper White Grandiflora

Neither our Paper Whites nor Romans are **misbranded** by importing one grade and stenciling it one grade larger, but "we've known it done" by some importers, and some who, unfortunately, are still in the game.

We pay the highest price for true Grandiflora in the country of its growth and the bulbs are as near those we agree to deliver as the crop and the season produces. We aim to deal with such reliable French importers as will pack straight goods. **Vaughan's Paper Whites** will average one dollar (\$1.00) higher real value per case than those you pick up from the average **Dutch peddler**, and will reach you earlier in the season.

Get samples, compare sizes, qualities, weights and general appearances as well as prices, then you will know where you are. There is no other or safer way. **VAUGHAN'S SEED STORE** especially invites tests of all its goods by sample, rather than "Hot Air" reference to the goods.

Paper White, Grandiflora, Vaughan's "Star Brand" (about 1000 bulbs in a case), per 100, \$1.75; per 1000, \$11.00.

Paper White, Grandiflora Fancy (about 1250 bulbs in case), per 100, \$1.10; per 1000, \$8.50.

LILIUM RUBRUM

**LILIAM GIGANTEUM****LILIAM CANDIDUM—Thickly Petaled**

Our Liliam Candidums are the thick, broad petaled type so superior to the narrow petaled south-of-France stock. The bulbs are plump, heavy and healthy. This crop was a comparative failure last season in France. We hope for better results this season and shall use every effort to get the largest, soundest bulbs.

LILY OF THE VALLEY

In packing and grading the Lily of the Valley Pips for our trade pips of one type and style of growth, raised on the same soil, will be branded separately, so that the customer receiving a certain number and brand from us and forcing it to his satisfaction can depend on the same grade right along until sold out and will be advised by us when the grade is changed. This, we believe, will be much more satisfactory to the forcer than the former indiscriminate method of delivering all kinds and shapes of Valley under one brand, the planter never knowing what kind of a pip would open up in the next case received.

OUR LONDON MARKET BRAND

This brand, as sold by us for several years, stands for the best select forcing pip for cold storage which we can secure in Germany. Full sized pip, with long, healthy fibrous roots and sound tap root. We buy each year a better grade at a higher cost. We do not sell these on price competition. We sell them on merit, price being a secondary matter. It will pay you to take these. **Per 100, \$1.85; per 1000, \$16.00; per case of 2000, \$31.00; per 5000, \$75.00.**

PREMIUM BRAND

This is a high-grade pip for late forcing and should not be compared with regular Hamburg stock offered at much lower prices. **Per 100, \$1.50; per 1000 \$13.00; per case of 2500, \$32.00; per 5000, \$62.50.**

JAPANESE LILY BULBS**ESPECIALLY GIGANTEUM**

Vaughan's Seed Store delivers the best selected lily bulbs that grow, selected, inspected, and packed under the supervision of white business men **who intend to do right**, who have a reputation, and strive to maintain it. Our arrangements in Japan provide for a selection of sound, wellshaped lily bulbs, graded as the Japanese dealers have never been known to grade them. Crescent shaped, malformed and undersized bulbs are taken out and we are ready and anxious on any request to submit samples of Vaughan's picked bulbs for comparison with any grades, imported for this market.

N. B.—We solicit your continued support on the basis of straight-forward dealing.

LILIAM FORMOSUM

Growers must not force Formosum in great heat. A cool house, 60 to 65 degrees, with plenty of moisture, is better, but they will certainly do best when grown in pots. The so-called Formosum seems to be a class rather than a single type, and starts into growth irregularly, so if in pots they can be shifted into sections representing varying heights, thus giving the growing plants of different heights proper light and watering.

Ten days in cold storage before planting seems to benefit the Crop

SPIRÆA

(Ready in November.)

We are very careful to import good large Spiraea clumps which have large plump eyes, as they are the only kind that will give satisfaction when forced.

PINK SPIRÆA QUEEN ALEXANDRA

Of a clear pink color with dense compact spikes, the plants are most attractive and equally as strong and vigorous as the white varieties. Per doz., \$1.50; per 100, \$10.00. In New York, per doz., \$1.40; per 100, \$9.50.

GLADSTONE

This variety undoubtedly has become the most popular of all Spiraeas and occupies the first place among the trade varieties. It is early, makes a compact growth, and is very free flowering, making it splendid for pots as well as for cutting. Per doz., \$1.30; per 100, \$8.50. In New York, per doz., \$1.20; per 100, \$8.00.

COMPACTA MULTIFLORA

Grows from 6 to 10 inches in height and produces larger and finer plumes than Japonica. It is about two weeks earlier. Per doz., \$1.20; per 100, \$8.00. In New York, doz., \$1.10; per 100, \$7.50.

FLORIBUNDA

New, strong and more developed than the common Astilboides, from which it is a sport. Produces large, pure white plumes and is unquestionably one of the very best Spiraeas. Per doz., \$0.85; per 100, \$6.00. In New York, per doz., \$0.75; per 100, \$5.50.

JAPONICA

Extra strong clumps. Per doz., \$0.75; per 100, \$5.50. In New York, per doz., \$0.70; per 100, \$5.50.

VAUGHAN'S CANNAS

FIREBIRD

This is by all means the **very best red-flowered, green-leaved Canna**. The flowers are borne in immense trusses, on strong stalks well above the leaves. They are of splendid form, round and shapely. The petals measure 2½ inches and over across. The color is a clear glistening scarlet without any streaks, spots or blotches.

We have seen and tested many varieties during the thirty years we have devoted to their culture and have never seen one that can approach it. Florists who visited our greenhouses last summer will remember it as seedling No. 111.

Strong plants ready April 15th, 1914. Each \$1.00; Dozen \$11.00.

VAUGHAN'S GIANT WHITE

The flower of this new Canna, of which we purchased the entire originator's stock, is of the purest ivory white and is beyond a doubt the very best on the market. The spikes and flowers are of immense size, the petals measuring 2½ inches in diameter. The flowers do not burn in the hottest sun. The foliage is strong, vigorous and of a bright dark green. 3½ feet. Each, 75c; Dozen, \$8.00.

BURBANK'S OTHELLO PLUM

We take great pleasure in recommending the hardiness of this beautiful variety of which we are the introducers. During the hard winter of 1912 this *Prunus* proved to be much harder than *Pissardi*; even the smallest sizes having survived in the Nursery row without the least protection. We have a splendid stock, all sizes, see page 21.

:: VAUGHAN'S SPECIAL MIXTURES ::

VAUGHAN'S ELITE PANSIES

This is not a complete mixture like our International; it does not contain any pure white, yellow or any self colors. It is comprised of the cream of four Pansy specialists' choicest and most expensive mixtures. Trade pkt 50c, 1/2 oz \$1.00.

IMPROVED GERMAN MIXTURE

This is a mixture of three strains from different German growers and is made up mostly of separate colors, with a sufficiently large percentage of white and yellow. Per large pkt 10c, 1/2 oz 20c, 1/4 oz 30c, oz \$1.00.

VAUGHAN'S CUT FLOWER MIXTURE

This mixture is put up by ourselves and contains mostly light colored sorts. We have sold this mixture for several seasons to some of our Chicago cut flower growers, who have realized big returns from the sale of the flowers. Pansies are as easily grown as violets, require less care and bring better returns. Trade pkt 50c, 1/2 oz 85c, 1/4 oz \$1.40, oz \$5.00.

VAUGHAN'S GIANT PANSY MIXTURE

Embraces besides all the separate shades and colors five special strains not listed elsewhere, and which can only be had in this and our International mixture. This mixture includes the richest reds, coppers and bronzes, together with the most delicate rose and pink shadings, all the distinct colors of Trimardeau, the splendid Cassier strain. Trade pkt 25c, 1/2 oz 60c, oz \$4.00, 1/4 lb \$14.00.

NEW PRINCESS PANSIES

Of the Cassier and Masterpiece type, habit remarkably erect, which is its distinguishing characteristic. Extensive range of colors with yellow predominating. Trade Packet 25c, 1/2 oz \$1.50.

Vaughan's International Pansies The World's Best

Vaughan's International Pansy Mixture was first prepared and offered by us in 1889. We import from all the best European sources, and personally inspected the fields of French and German specialists of their finest strains. These with the best American types made up the collection. Each year has added to the quality of its flowers and the variety of its colors. We buy every year novelties of known merit to improve the mixture. This is the reason it is always complete, always the latest and always the best mixture as we believe. We add to all the Pansy Mixtures which we now buy more than fifty per cent of the choicest named kinds obtainable, each in rightful proportion. We thus know what it will produce. This is one of the specialties which has established and held the reputation of Vaughan's Flower Seeds, and this is one which we maintain most carefully, not alone as to quality, but in vitality and germination. You are beginning right in Pansy growing when you start with Vaughan's International Mixture. Trade pkt 50c, 1/2 oz \$1.50, 1/4 oz \$5.00, oz \$10.00.

BONE MEAL, Vaughan's Rose Grower

FLORISTS' CLEAN SPHAGNUM

FLORISTS and others acquainted with the Sphagnum Moss conditions are well aware that most of the Sphagnum swamps in the Wisconsin district have been worked out, those parts remaining containing mainly only old deposits full of sticks, weeds and grass. We have succeeded in opening a large new swamp. This moss is bright, clean, new growth, free from brush, grass, or old moss long dead and ready to crumble to pieces.

We put up this Moss in full size bales, covered with new burlap. Continuous rains have kept the marshes filled with water, making extra expense to get moss out and to dry it, besides which burlap has nearly doubled in price. While these conditions add to the cost, the **Quality** we are supplying gives the customer a value for his money equal to the old rates.

BURLAP BALES. Standard size bales good clean moss. Each **\$1.50**, 5 bales, **\$6.00**, 10 bales **\$11.50**. F. O. B. New York, bale **\$2.00**; 6 bales, **\$10.00**. Write for price in larger lots.

DEEPWOODS BOUQUET GREEN

(Lycopodium) also called Green Pine, Club Moss.

Our connections with woodsmen and merchants in the Green Woods Districts for twenty years have been businesslike and cordial, meeting our contracts promptly and satisfactorily. This record puts us in a position to secure the best stocks obtainable.

Bouquet Green becomes more scarce and difficult to secure almost every year. Our expenses in securing new and uncultured localities, securing and training competent and reliable buyers, means materially increased cost. We secure the best Green obtainable, abandoning old and worn out sections.

Write or wire us for prices whenever you are buyers. We ask you especially to give us an inquiry on the day you are ready to buy, as values on Green fluctuate greatly and almost daily. Our position in this market enables us to quote right prices.

Prices ready in October, write us. (25 lbs., \$2.00.) On ton lots write or wire for prices.
